

Are you getting the most out of your ILLiad software?

Finally! Some good news in a period of budget cuts and scarce resources. Nylink is very pleased to announce that you can now purchase the Atlas System’s Annual ILLiad Training Subscription directly from us. Normally priced at \$1,999 per year, Nylink members can purchase for \$1,799—a 10% discount. In addition, you can pay through your network account making processing quick and convenient.

What is subscription training?

- Ever want to just watch a video to refresh your knowledge or to help answer a question about the operation of ILLiad?
- Are you cross training staff or hiring new staff and need to quickly get them up to speed with ILLiad?
- Do you wish you could budget a fixed price for your ILLiad training needs?

The answer is the subscription training program from Atlas Systems!

- A fixed price training plan that covers all of your staff.
- Unlimited access to all **online** classes provided by Atlas Systems. In addition to our basic borrowing and lending training classes learn to use the full power of your ILLiad system by participating in classes like Customizing the ILLiad Web Interface, Don’t Panic: A Basic Guide to ILLiad Troubleshooting, and ILLiad Custom Reports—plus many more. You are limited to one login per class, but if you have a training room with a computer/projector and a speakerphone you can have a group sit in on the training.
- Train on your own schedule and at your own pace with our recorded classes. Subscription training provides you with access to recordings of all of our online classes.
- Includes **one** registration for the annual ILLiad International Meeting.

Training subscription does not include admission to any live or onsite training classes (including the training sessions before the ILLiad Annual Conference).

For more information or ordering details contact Jon Penn at 800-342-3353 or via email at pennj@nylink.org.

“The class I have accessed from my computer is just great. We are looking forward to using many more!”

Carol Peterson
Central Washington University

“LOUIS consortium has found the training webinars provided by Atlas to be extremely clear and informative, but the best part has been the follow-up provided by the Atlas staff, where we ask questions and get quick responses that pertain to our consortium environment.”

ZeeZee Zamin & Mary Laird
LOUIS: The Louisiana Library Network

“We have found Atlas’ online training invaluable over the past five years. The subscription plan makes it that much more convenient and cost effective to offer training for all staff who use ILLiad or for a few staff interested in a specific topic.”

Yale University
